

# Animals: *Kim Shotola*

## *Windows to Your Soul, Doorways to Your Spiritual Destiny!*

Animals have been watching your soul since before you were born. The animals from your past, your present, even the wild animals come to you with messages that reveal their ancient wisdom and can ignite your true purpose. There are more animals trying to “reach” you than you may realize—right now.

The animals’ quest is a mission far greater than most realize. They want to oversee our soul’s journey and to awaken and enlighten our hearts and souls to the connection between them, nature and Mother Earth. Animals are here to help each person become better on a heart and soul level. You have a divine purpose, and the animals can help you discover and accomplish this. The animals can show you how to awaken your life physically, mentally, emotionally and spiritually. This awareness can help you and your animals heal in body, mind and spirit.

The animals bring you love, joy, gratitude, abundance and clarity into your life. They can show you the present, help you learn from the past, and propel you to your future.
