

# The Great Awakening and Future of 'Normal'

## SHIFT HAPPENS!

host of BBS Radio's Cosmic Love Show (3) podcast in it's 13th year

For the last 50 years, I've leapt 'ahead of my time' (see my 1975 selfie below), pioneering the new frontier of 'inner space'—the 'InnerNet' at the heart of the Internet. But this last year, the times have caught up with me. *The future of now* has arrived!

### It's Being Called... 'The Great Awakening'

This 'new normal' is a paradigm shift—a reset of our world view. It is also known as a Dimensional Shift (4), or 'General Enlightenment' or simply, if you know your Bible, 'Revelation.'

### It's a global rEVOLUTION (emphasizing 90% of the word)

Egg Head in my Egg Rocker (5)

As a visionary futurist who lectured at Buckminster Fuller's World Game Studies Workshop in 1974 (6)—followed a few months later with an address to ten agencies of Fed-Gov on Capitol Hill (7)—I've had five decades to 'imagineer' the optimal media, medical, and market

megatrends shaping Golden Age models of sovereignty and Global Holistic Healing (8).

There are, indeed, whole-system solutions to the divisive dialectic behind the present devolution of global civility. A New Common Sense is emerging with a revolution in higher consciousness that will finish—globally—what our U.S. Founders began locally:

*"Enlighten the people generally, and tyranny and oppressions of body and mind will vanish like evil spirits at the dawn of day."*

~ Thomas Jefferson

Many have seen this coming—general enlightenment from the instant, everywhere, and interactive Internet. We've been a 'global village' in principle these last 33 years, and now the Family of Mankind is finally getting its act together as a whole, holistic and altogether holy whole.

At this critical time for culturing social conscience in global social networks, there's nothing more valuable than a Vision of Virtue and Valor for the Victory of communication tools and processes for 'coming into unity'—real 'community' in diversity—for all of 'US' as United Sovereigns of Earth.

This is the 'Greater Reset' that the 'lamestream media' never talks about—the END of the lockstep, highly centralized, one-way programming of the so-called 'legacy media,' as we know it.

Interactive social media—Web 2.0 platforms—have upgraded Freedoms of Speech, Press, Religion, and Assembly to the point where divisive disinformation and 'dis-ease deception' (i.e., fear porn) is seen for what it is—the death rattle of the current systemic dystopia.

The Next Big Thing in the computer/Internet revolution will be Web 3.0 platforms (9) with a universal interface for mass-to-mass interaction, which INvolves and Evolves our individual and collective 'Conscience'—with a capital 'C'—as in Christ-like!

Those who are familiar with Biblical prophecies of a 'Second Coming' may now conceive and believe how collective Christ-like Consciousness can be achieved with Web 3.0 tools and processes that *link the light* to network Conscientious Common Sense.

That 5D 'light' is also known as 'Effective Sensory Perception' (E.S.P.). There's nothing 'extra' about it—when everyone's got it. Get it? Good! :)

We've all suffered from the dark-side, Deep State debacle that utilizes mass mind programming, using false flags and fake news. But rarely do we hear the good news of a future whereby open-source truth-telling empowers 'wisdom of the crowd' (Collective Conscience) with high standards of kindness—Aquarian love—among mankind.

### Genesis of The Great Awakening

The Good News is that the Aquarian Dispensation of 'Light and Love' IS

fore-ordained for this time. In it's 25,920 year cycle, the Precession of the Equinoxes, our solar system has crossed the photon belt of the Galactic Plane (10) into Deep Space energies of Aquarius—a systemic, frequency shift that directly effects the morphogenic field of Earth—morphing the quantum field between one's ears in the process!

The new normal we see evolving is the consciousness shift from 3D normalcy (linear, compartmentalized thinking) to 4D normalcy (non-linear, intuitive knowing) and finally, to a mature, 5D normalcy as a synergy in the trinity of 3rd, 4th and 5th dimensionality in BALANCE: a 'heart-coherent, unified field' (11); which will set the 5D Gold Standard.

**UNITY CONSCIENCE—WE THE PEOPLE:  
Of, By and For All of 'US' as United Sovereigns  
—identifying with atONEment (12)  
as Atonement for 'SIN' (Stuck In Negativity)!**

There has always been an inner alliance of lightworkers, indigoes, adepts, cultural creatives, and other enlightened souls who have woven the fabric of 'normal' with higher dimensional inspiration.

*"We did not weave the Web of Life; we are merely a strand in it. Whatever we do to the web, we do to ourselves."*

~ Chief Seattle

The Alliance of Light Servers is typically the 1–3%, whose sphere of influence is the 20% who do 80% of the networking in social networks. They are the ones being censored, blacklisted and disappeared by Big-Tech desperadoes, who have gone to the dark side of power, which is devoid of core Constitutional principles. In an Aquarian 5D environment, core principles and processes for culturing unity in community are more essential for 'thrive' than the non-values of manufactured divisiveness.

Harnessing the Power of Love (13) is a practical matter of linking the light of all the servitors of Light... qualifying and amplifying the Web of Light from InnerNet to Internet.

*"Man can harness the winds, waves and tides, but when he can harness the power of love, then for the second time in the history of the world, man will have discovered fire."*

~ Teihard de Chardin

In the cosmic scheme of things, this Aquarian 'Fire' becomes the 'New Normal.' In the meantime, a 5D-prevailing awareness is naturally disruptive to 3D 'paradigm paralysis' (stinking thinking), whose comfort zone and normalcy bias is 'fear based' (and faith challenged).

As Aquarian Light surges, the fear-driven Deep State naturally purges. It goes with the territory of the 5D frequency shift. Some are ascending in consciousness with the higher Aquarian frequencies. Others are struggling more to wise up and rise up.

Just as Fearless Faith neutralizes faithless fear, so does the pre-ordained Power of Love naturally transmute and transcend the inordinate love of power.

This is how 'We The People' manifest the opportunity for freedom and global justice into the physical, and it will be on a scale that defines and refines Golden Age Civility.

The 'energy veil' (e-veil, i.e., evil) is thinning, and a new Unity Conscience is winning—matriculating the matrix of 'Net Reality' with the realization that 'We are the Media.' Like citizen journalist Tom Paine who sparked the American Revolution with Common Sense, we all can be independent co-creators and networkers of global rEVOLUTION now. The best way to predict the future is to *create it* with co-creative common sense in the public-global sphere—what is truly best for all.

All of this is now possible, as never before... including free, energy technology... advanced quantum-healing technology... and quantum computers for the coming Quantum Financial System (QFS).

**Quantum Shift in the Aquarian 'Quantum Age'**

But first must come the pure intention to focus attention with sufficient love retention for conscious ascension in a higher dimension of Aquarian T.L.C. comprehension! Remember that technology is only as good as the values directing it.

**Big Love—for a Greater Reset—Heals All**

So first, we've got to clean up our act as a Unified Field Global Community by upgrading to Web 3.0 interaction that is truly of, by and for ALL people.

**THE PLAN—MISSION—VISION:**

*High-touch, 5D 'T.L.C.' (Heart Intelligence) goes mainstream—our Humanity, directing high-tech, Artificial Intel via the power of wisdom with love!*

It's END GAME for power-elite potentates who are ethical infants. The rise in Aquarian frequencies floats all boats higher—culturing the blueprint for a Golden Age of Light based on The Golden Rule, whereby universal love rules 'US.'

So, TAKE HEART and keep in mind the First Principles of Net Freedom (14) at the heart of a free and open Internet! ■

*"The cause of America is in a great measure the cause of all mankind. We have it in our power to begin the world over again."*

~ Thomas Paine, Common Sense, 1776
