UNIVERSAL SELF CARE AT THE HEART OF HOLISTIC HEALTH CARE

Internet Health Breakthrough with *Global TeleCare*

1,100 medical schools across America with “pharmacology” (drug pushing) at the core of the curriculum. Then he lobbied (paid off) legislation that made “allopathic” drugs-per-symptom medicine the ‘community standard’ for public health care. Plus, Rocky’s Pharma cartel gave pharmacists nationwide a fraction of the action, as the middlemen who fulfill drug prescriptions.

It helps to know the true history of the health care system, if—and that’s a big IF—we hope to bring healing to the system itself. The Family of Mankind has arrived in a global village of ‘instant-everywhere’ and interactive InterNet reality. So ‘We the People’ have become ALL global Netizens—‘US’ as United Sovereigns of Earth.

“It is no measure of health to be well adjusted to a profoundly sick society.”

~ Krishnamurti

We don’t have to know the history of global health care to appreciate the imminent future of holistic healing worldwide. But knowing helps attain an attitude of gratitude that ‘soars to a higher altitude of Big-Picture aptitude’—a vision of free, online universal self-care for all,¹ which makes health tyranny and disease profiteering obsolete.

Most people don’t know the

history of the medical-industrial complex, now dominated by Big Pharma. They don’t realize how mainstream media and textbook publishers have been co-opted by Big Pharma for generations.

Actually, many people don’t want to know how America became a drug-pushing nation with a pill for every ill. Fortunately, there’s a ‘Great Awakening’ of global netizens who prefer to know better and do better.

Are you aware that America’s first billionaire—Big Oil’s John D. Rockefeller—created Big Pharma with his development of synthetic petrochemical distillates, which his PR agency branded ‘wonder drugs’? Forget that John D. began his entrepreneurial career selling ‘patent medicine’ (snake oil) with his father. That was until he found bubbling crude oil in Pennsylvania.

With his Big Oil billions and “competition is a sin” philosophy, John D. went on to monopolize health care. He ‘gifted’ (bought off)

This deeply entrenched and ‘normalized’ drug-pushing racket has been going on for a century. That’s how the Rockefellers became America’s first trillionaires, with David Rockefeller buying out controlling interests in mainstream media corporations in the 1970s—pushing drug advertisements, and increasingly, advocating for vaccines in Big Media.

But that’s all about to end, for several good reasons. Quantum healing technologies² are emerging worldwide, shifting the health-care paradigm from the chemistry of disease to the energies of health. By recalibrating body-mind-spirit energies with healing frequencies, holistic healers can neutralize dis-ease in one’s quantum field, behind biological health.

Synthetic drugs are ‘biologically incompatible,’ with side-effects that are treated with more drugs, with more side-effects, until victims of

this “pharmacide” have a weakened immune system as a prior condition that is more susceptible to any trigger

event for a healing crisis.

If “pharmacidal” media were honest, they would tell us that the pill-popping patients are the first to die from all kinds of diseases, caused by their weakened immune systems. But instead of admitting that, they are ‘burying their crimes’ (literally). They blame a virus that has never been isolated. They test with bogus PCR testing, whose famous creator, Kerry Mullis, said should NEVER have been used for diagnosis.

The trumped-up vaccination campaign, with Operation Warpspeed, has clearly shown the world that Americans are hostage to a pharmacidal agenda of power elite potentates who are ethical infants.

If you follow the money behind the vaccine agenda today, you find the same Big Pharma special interests that, for decades, have had a vested interest in population control—eugenics—going back to The Rockefeller Institute’s collaboration with Hitler’s 1930s eugenics program.

Global Netizens are discovering how Operation Paperclip—after WWII—transferred half of Hitler’s flight capital (gold) to the primary vaccine manufacturer—Merck Pharma—for rise of the Fourth Reich. Seventy years later and we see that six of the ten most profitable companies on Wall Street are Big Pharma companies. They’ve

hijacked not just the health-care system but also the media, the tech giants, and the economy.

Over the years, I’ve added to my compendium of videos, articles and infographics at: *The Real Story of Vaccines*,³ that you’ll never see in the propaganda press. This compilation includes a video documenting how the original polio vaccines were seeded with cancer retroviruses that began the plague of cancer from relatively rare to one-in-three now. This is also well documented in the best-seller by Dr. Leonard Horowitz, *AIDS, Ebola and Emerging Viruses*.

Cancer has been the major profit center for Big Pharma for decades, and any intent to cure or prevent cancer simply does not fit their business model. The ‘hostage’ (bought off) FDA has made natural

Think about it, folks! AIDS is ‘Acquired ImmunoDeficiency Syndrome.’ Then as now, vaccines whack the immune system. That’s how AIDS is ‘acquired.’ Many vaccine victims now report suppression of the immune system, with resurgence of cancer and AIDS-like auto-immune diseases. As the synthetic toxins circulate in the body, the weakest organs can’t eliminate the toxins in normal metabolic processes, and that part of the body then has toxic settlement, which results in symptoms labeled a ‘disease,’ ready for a prescription.

We’ve got fake news pushing a vaccine agenda that has proven to cause side-effects blamed on fake ‘variants’ of a fake virus, which their tests don’t isolate. And now Fauci’s NIH has taken over hospital treatment protocols that are killing people,⁵ while blaming Covid.

So it’s a big win/win for Big Pharma and the medical-industrial complex, which is now much bigger than the military-industrial complex that Eisenhower warned us about.

No one wants to believe that government has been hijacked by Big Pharma’s interests that put profit and population control above our public health. That’s counterintuitive for the pure in heart who tend to “see no evil, hear no evil” and attribute this evil to conspiracy theories.

But that’s changing. Millions are marching in the streets worldwide⁶ to protest vaccine mandates. More people are aware that false-positive PCR tests were used to ramp up the panic over flu symptoms categorized as ‘Covid,’ while being denied inexpensive, natural, early treatments with no side effects.

We are living on a planet where billionaire & trillionaire interests secretly govern health policies that would inject things into our bodies which are also secret.

healing with non-drug remedies subject to prosecution.

That brings us to the present ‘Plandemic’⁴ fiasco, with reports worldwide that the side-effect of vaccines are being blamed on these ‘variants.’ This is the same deception used by Fauci thirty years ago in his first virus scam. That’s when the AIDS-tainted B1 vaccine deaths were blamed on a contagious AIDS virus, when most deaths were caused by the toxic AZT drugs they were pushing on vaccine victims, who were told they had ‘the virus.’ It’s the same con job today.

At issue is the extreme profiteering—unabashed greed—and inordinate power without Constitutional principle, and without liability. It's about 'disease-care' for Big-Pharma profits and a digital, biosecurity agenda for Big-Tech profits. If you have chosen "rejection of injection over false-flag infection," you probably know this.

This is a global-governance power grab for total population control, as witnessed in China. Without health sovereignty—to own your own body, mind and spirit—self-government is sabotaged by subservience to tyranny. Medical Martial law gives authorization to use experimental vaccines and vaccine passports, which leads to a totalitarian world of total surveillance, control, and compliance.

It's public knowledge that Big Pharma and Big Tech have been in bed with the Chinese Communist Party for a long time. Not just the bioweapons research for viral gain-of-function in the Wuhan lab, but also development of China's social-credit system—digital passports—that have normalized total surveillance and mass mind control for a billion people.

As Michelle Malkin recently said at *Inside the Vaccine Passport Racket*,⁷ "The profit-maximizing corporations that covet your 'digital health data' hide behind nonprofit umbrella groups that pose as public interest do-gooders. These vaccine-passport profiteers are turning millions of human beings into walking QR codes in the name of fighting Covid-19 and under the guise of bringing 'normalcy' back. It's an unprecedented, worldwide racket that rewards compliant sheep and punishes free-thinking, autonomy-seeking citizens."

The obscene propaganda push

for vaccines is part of this pandemic agenda for vaccine passports, which are the Trojan Horse that morphs into Orwellian population control orchestrated by power-elite plutocrats and their technocrat minions.

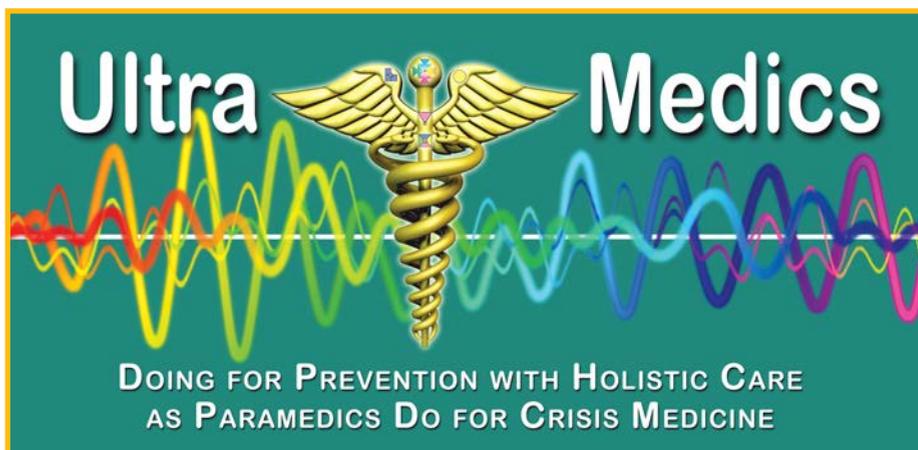

The future of global holistic healing makes "pharmacidal drug pushing" obsolete. We're in the Quantum Age now, and quantum science clearly shows⁸ that synthetic, chemical drugs weaken energy meridians in the body, harming strong, natural immunity.⁹

Six years ago, I hosted a seminar on Global TeLeCare,¹⁰ that has come a long way to define and refine a vision of global holistic health, with free, online, database services for well-informed choice in the analysis,

and self-serving for control, rather than liberating for personal and public-health sovereignty.

As Robert F. Kennedy, Jr. recently stated in a powerful, three-minute video¹¹... "*For the first time in history, because of the technological revolution, the capacity for totalitarian forces to literally control every aspect of human expression and even human thought is now unprecedented... This is Armageddon... This is the final battle. We need to win this one.*"

In the larger scheme of the space-time Continuum,¹² Aquarian virtues of enlightened conscience, care, and community have already occurred—we were winning from the beginning!

prevention, and management of disease.

Self-correcting database standards for holistic self-care will create a new 'health-assurance' industry. This is the future of self-care that is 97.5% of health care. It's what we do to—and for—our own health... NOT toxic injections that do NOT prevent infection.

The technology exists now to rapidly upgrade global holistic health. It's not rocket science. But as the pharmacidal history of public health has shown, the economics and politics are far more complex—

It is pure intention—to say it and make it so. This is "focusing our attention with love retention for conscious ascension in the Fifth Dimension of full-spectrum comprehension!"

So keep the faith, see the good, and claim the victory of Aquarian health sovereignty. And take advantage of the optimal health modalities at UltraMedics Services.¹³ ■
