

# A Strong Immune System Is 'Natural Immunity'

## And Disease Prevention Is Our Right to Life

**M**y apologies to any health-care workers who took offense at my previous article in this magazine in support of the unvaccinated.

My life has been saved by skilled surgeons on multiple occasions, and these doctors and nurses will always be my heroes. But today, "bad medicine called good" is what we're seeing with virus hysteria, vaccine mandates, and digital passports worldwide. What is happening, folks?

As a naturopath who developed four holistic health centers over 40 years<sup>1</sup>, I admit I have my own bias when it comes to the current public-health system that profits from disease, not wellness. People no longer need to take a "red pill" to see that this corporate, privatized, health system puts stockholders before public health and their motive is profit, not health. Stockholders first is corporate law,<sup>2</sup> not Constitutional Law. And the corporatocracy has been running amuck since the Supreme Court gave corporations personhood rights in a 2010 'Supreme Coup'<sup>3</sup>—but I digress...

Preventing disease makes no profit, but there's huge profit in treating disease with drugs and vaccines that have side-effects, which are treated with more drugs, with more side-effects... until many seniors become 'walking pharmacies.' Their toxic, highly acidic, biochemical terrain IS their 'pre-existing condition'!

Seniors are usually the first ones to die from the flu—or from flu vaccines, for that matter. And it's the same with the new Covid mRNA "vaccines" (really, it's gene therapy—but even that's a misnomer, because there's no 'therapy' there...). These are dangerous and

experimental—no long-term, clinical trials or studies there. They include toxic ingredients that weaken the immune system. And if it's already weak, another toxic whack (booster shot) could make you sick enough to die. (See [VAERS.hhs.gov](http://VAERS.hhs.gov).)

There's a Big Lie circulating that the unvaccinated are causing this pandemic. It has been debunked, by the facts from Israel, the UK, and America, that hospitals are filling up fast with the double-vaccinated—a one-two punch to the immune system. That booster may be the knock-out jab for many.

Big Media is suppressing the true story of what's in these new shots that are killing MILLIONS, as is now well documented by independent media.<sup>4</sup> However, Big Media and Big Tech won't bite the Big Pharma hand that feeds them.

The health-care system has broken down quickly since Covid arrived.

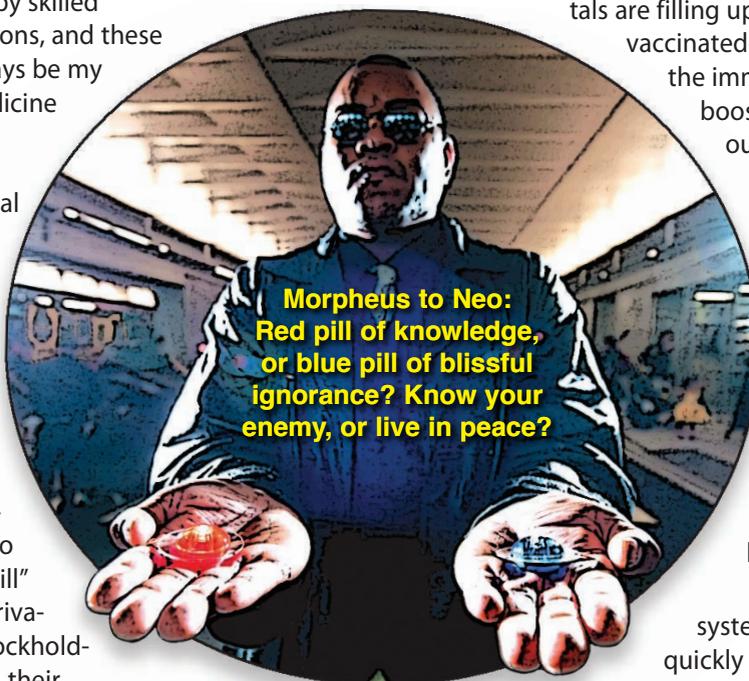

A year ago, we were cheering our front-line health-care workers. Now,

hospitals, other corporations, and government entities are firing workers if they don't take the job. We've gone from voluntary vaccines—my body, my choice—to 'No job, no job'... or 'No job, no service' at restaurants, soon perhaps supermarkets, etc.

Whether you believe that these experimental mRNA injections are "safe and effective" or not, what we are seeing today is coercive tyranny—not free choice.

In October, YouTube/ Google openly joined Facebook and other media giants in censoring any science-based or free-speech viewpoint that challenges the pro-vax narrative—even silencing those who want to report the jab's adverse effects among family members!

As 'medical heretic' Jon Rappoport recently said, "It turns out that big-time liars always want to censor

their opponents. It's the only leg they have to stand on. In an atmosphere of free discourse, they would fall."<sup>5</sup>

This unabashed medical martial law is out of control. The propaganda is incessant. Among many "blue pillers," it has created a form of mass psychosis similar to the Stockholm Syndrome where victims bond with their abusers.

Fortunately, as I see it, this 'Dark Night of the Soul in America' will be ending soon. The global Internet has been effective at exposing both the Big Lie and the Whole Truth. The work ahead for many of us was described well by Mark Twain when he said, "It's easier to fool people than to convince them that they have been fooled." Red pill, anyone?

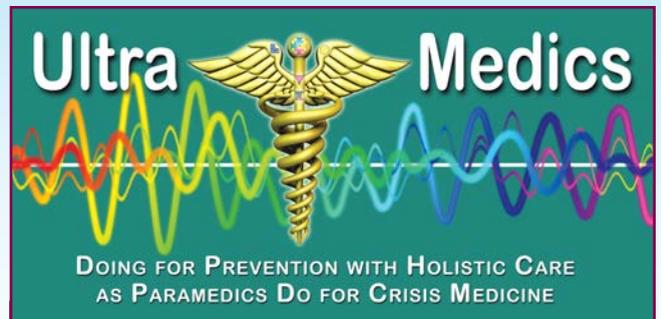

Covid was never the big danger as we are told. From the beginning, the 'science' has been rigged to amplify F.E.A.R. (i.e., False Evidence Appearing Real). The number of Covid cases and deaths was ramped up with the bogus PCR tests and other falsehoods. Nobel Laureate Kary Mullis has stated that the PCR test should NEVER have been used for diagnosis. It simply can't do it, and certainly not when over-calibrated to create false positives. That standard does NOT isolate Covid or any variant. The truth will soon be self-evident—the jab's side effects are far more deadly than the virus ever was.

It does make you wonder—where did the discussion about NATURAL IMMUNITY go? (See sidebar.)

For the last 18 months, I've been reporting on my radio show how the pandemic was planned and executed by billionaires to increase their wealth and power dramatically, while billions of people worldwide were in lockdown. As a CBS article points out, "The world's 2,365 billionaires enjoyed a \$4 trillion boost to their wealth during the first year of the pandemic."<sup>7</sup> That's a whopping increase of 54% in just one year.

According to a recent Gallop Poll,<sup>8</sup> half the country is in support of vaccine-passport mandates—but this is a totalitarian agenda that would give the government complete control over the health decisions of individual Americans, complete control over how businesses operate

and who they are allowed to hire, and complete control over the economic participation of the average citizen. Is this the America we want to live in? How close can we get to the Socialist bro-mide: "You'll own nothing and be

## PROTOCOLS FOR NATURAL IMMUNITY:

- 1) **Oxygenate** with physical work, play, dance, & deep-breathing exercises, etc.
- 2) **Avoid Toxins** in foods (avoid fried foods), in water, air, drugs & experimental "vaccines."
- 3) **Supplement** with Vitamins D3 and C, zinc, and adjust for personal deficiencies.
- 4) **Optimize your Sleep & Exercise** habits. Get plenty!
- 5) **Add SPX 'Swedish Pollen Extract'**<sup>9</sup> to cereal or drink to prevent colds and flu. It has been used for that purpose in Europe for 57 years.\*
- 6) **Detox from Flu-like Symptoms** via a 'nebulizer' (vaporizer-inhaler) with hydrogen peroxide, CBD oil, and DMSO.
- 7) **Utilize Quercetin's Antiviral Properties:**
  - a) The SARS-CoV-2 spike protein (also in the Covid "vaccine") is blocked by Quercetin from attaching to the ACE2 cell receptors.
  - b) Anti-inflammatory Quercetin also blocks the RNA-dependent RNA polymerase and prevents viral replication. *More details at: [DrJesseSantiano.com](http://DrJesseSantiano.com)*

happy"? This is the siren song used by the power elite, whose agenda is far beyond right or left—beyond Capitalists or Communists. It's time that we wake up and realize that the real polarity here is between the Powers of Good and the nefarious forces of evil.

FEAR creates stress and depresses a healthy immune system. Let's start there. Let's summon our strength and our God to defeat evil. Let's keep our FAITH in the ultimate triumph, the overcoming, and in our body's amazing ability to sustain optimal health on its own.

A 'Great Awakening' is uplifting the Family of Mankind in our all-connected global village. 'Victory Virtues' are winning over 'Victim Dictum.' Fearless Faith in the power of Love is overcoming faithless fear in the process. Truth and Love will win in the end. ■
