

The New Aquarian Ten Commandments

Live Blessed by Heaven Daily as You Embrace These Iconic Guidelines

David Christopher Lewis

5. KEEP YOUR HARMONY AND AVOID REACTIVITY.

God-mastery occurs through remaining in a unity field of peaceful presence. Nonjudgment of others allows us to enjoy the life God intended for us.

6. AVOID ALL GOSSIP, MAINTAIN A HAPPY DISPOSITION, AND DON'T COMPLAIN ABOUT ANYTHING.

A heightened attitude of gratitude expands our heart and keeps us secure in the light.

Righteous speech aligns us with the Logos, the Word of God in our Christic Self.

7. KEEP POSITIVE, COMPLIMENT, BLESS, AND ENCOURAGE EVERYONE.

Holding others in the light of their immaculate nature helps them to be their best. Our own aura shines brilliantly when the Holy Spirit moves through us to bless all life.

8. BE KIND TO ALL LIFE FORMS, INCLUDING YOURSELF.

Loving-kindness quells violence and stymies war. The peaceable kingdom upon Earth is established by Compassion's sacred touch.

9. FOLLOW THE GOLDEN RULE.

This one divine law is the maxim of planetary brotherhood/sisterhood. All past conflicts are

We've all heard of the Ten Commandments given to Moses on the mount. Originally, there were fewer commandments and, of course, the more commandments there are, the more we have to keep. Yet, the original, one commandment was to love God with our entire being. If we simply do that and follow the Golden Rule, we will fulfill the law and manifest our divinity. So, what other commandments do we really require?

We'd like to offer for consideration THE HEARTS CENTER'S NEW AQUARIAN TEN COMMANDMENTS, along with a brief explanation for each one.

1. LOVE AND PRAISE GOD WITH YOUR ENTIRE BEING!

We love God with our whole heart, mind, strength and soul, and praise God through song, chant, affirmation and power prayers.

2. RADICALLY FORGIVE EVERYONE FOR EVERYTHING!

True and complete forgiveness releases us from karmic entanglements. Forgiving self and other is a dynamic spiritual practice that gets us right with God.

3. PRAY AND SING YOUR PRAYERS JOYFULLY WITHOUT CEASING!

Continuous joyous prayer and devotion seals our aura in divine light. Raising our voice to acknowledge and reverence God secures our divine estate in heaven.

4. SERVE AND GIVE SELFLESSLY EVERY DAY!

Dedicated giving of Self impels us to be a co-creator with God. To advance, evolve and grow in grace, be a humble servant-leader sharing love to all.

resolved by following the voice and example of the Christ within.

10. OBEY YOUR INNER GUIDE AND GUARDIAN ANGEL IMMEDIATELY.

Our conscience is our sure guide to Self-mastery and perfection. God has provided us with an invisible protector, who is always watching over us.

I am imagining now—and I hope that you can see in your higher mind’s eye—a new world, an Aquarian world, where all of these New Aquarian Ten Commandments are honored and obeyed. Imagine, if every man, woman and child did so, we would have a divine world!

We have envisioned many, many aspects of what we desire to see in a golden-crystal age. What I consider these statements to be are very prototypical matrices that in and of themselves establish a divine principle, a divine value, a divine precept as a living reality in the atmosphere of the Earth, and especially within our own consciousness.

Each one is a divine prototype that we can follow. And it is obvious that when we do this, our lives will be sublime and everyone will be honored and blessed and cherished and loved, appreciated and valued. Then all the drama of karma, the negative karma, ceases. And what ensues is the peaceable kingdom, is the kingdom of God upon Earth.

What happens when we use these more positive words that are Aquarian words? It sets in motion a whole matrix where we leave behind lack and want and need, and we embrace all that is essential, all that is beautiful, all that is

divine because we are in alignment with the Logos, the Word of God. We use our words judiciously, which means that we self-judge the words, even as or even before they are coming out of our mouths. So, we assess them. Are these words the words that I really choose to say into the atmosphere, to express into the world?

Words are realities, as we know, and thoughts are things. Words are even more physical things than thoughts, because we are anchoring them through our voice—the throat chakra, and bringing things into matter. So, words do matter because words become matter!

And, referring to another commandment: all lives matter! All lives are valuable. Every life is valuable as we heard in the 8th commandment, “Be kind to all life forms, including yourself.” What does it mean to be kind to yourself? It means to honor yourself, to encourage yourself, to be true to yourself, to follow your Divine Self rather than the lesser self.

Imagine each day loving and praising God with your entire being, radically forgiving everyone for everything, praying and singing your prayers joyfully without ceasing. In other words, your devotion to God is going on in your mind and in your heart even while you are doing other work. It continues as you serve and give selflessly.

And every day you are keeping your harmony and avoiding reactivity, avoiding all gossip. You are maintaining a happy disposition and not complaining about anything, even what’s going on in the world or the weather. You are

keeping positive, complimenting, blessing and encouraging everyone.

It doesn’t matter who it is—everyone! You are kind to all life forms, including yourself, following the golden rule, and obeying your inner guide and guardian angel immediately.

When we embrace these iconic statements and live them, our communities will hum, our communities will grow. They will be blessed every day by heaven. Angels, archangels, seraphim, cherubim, thrones, dominions, virtues, powers, principalities—all these nine choirs will just be around us and emanate through us and co-create through us amazing alchemical works for the Age of Aquarius. ■
