

The Aquarian Great Awakening

The Veil Is Thinning— Enlightenment Is Winning!

Over the last 50 years, I've been pioneering Aquarian principles and processes that will define, refine and 'shine' global infrastructure for a Great Awakening. This journey—from [Capitol Hill](#) to [Web 3.0 Internet](#)—has seen me wearing numerous 'hats' as a visionary futurist, photographer, architect and whole systems designer before raising four children and developing [four holistic-health centers](#).

This article is a synopsis of highlights from my 2023 Mainstream Awakening Series—more than [33 free-online e-books](#) with cartoons, embedded videos, and 'chapters' (hotlinks) for a deep dive into issues I've focused on in my other 300+ e-books. This is a 'holistic' (holographic) romp into Aquarian dynamics, exposing the global crises that are compelling the Great Awakening to [The Aquarian Quantum Age of Great Enlightenment!](#)

I realize that an all-connected 'quantum everything'—including 'Effective Sensory Perception'—is a stretch for even futurists who have read this far.

THE GREAT UNVEILING
OF REVELATIONS

We live during that epoch zeitgeist of Revelations when there is great darkness and great light in the contrasting kind of way that defines the big picture of a global rEVOLUTION in higher consciousness, emphasizing 90% of the word.

Full-spectrum enlightenment is our divine destiny, and a Great Awakening is accelerating the process. But a unified field of 'Collective Conscience' is still catching up to match breakthrough innovations via instant-everywhere-interactive Internet capabilities for a new *Common Sense—Unity in our Diversity*. That's where it's going folks!

The self-evident drama in global civilization is polarization between forces of devolution and evolution, division and unity, endless war or  without end. The existential crisis facing humanity thus creates the quintessential opportunity to liberate *Sovereign Choice* for "We the People"—the Family of Mankind in our global village of an ALL-connected community ("coming-into-unity") capabilities for REAL community via interactive TeLeCommunications.

Global Netizens are now witnessing a desperate Deep-State attempt to centralize top-down command and control over the physical and human resources of Earth. Perhaps it had to get this bad before a Great Awakening, when the pendulum swings back to a decentralized, bottom-up representation of the best and brightest—a merit-based system for culturing social conscience in our ubiquitous social networks.

This is the Aquarian model. But we're not out of the woods yet. The divisive dialectic is still in full play, creating and managing war and dis-ease for the consolidation of profit and power.

The 'Sleeping Prophet' Edgar Cayce was very accurate with his many futuristic predictions, one of which was that the Great Awakening would mature as a Great Enlightenment in 2026—three years from now. Of course, it could be sooner or later, depending on mankind's free will determination for more [Aquarian Light](#) and [TLC-!\[\]\(3211b5d1d968fc1665909b34f9f16010_img.jpg\)applications...](#) or not so much.

A PERSONAL NOTE:

This may be one of my last articles in *Natural Life News* after 23 years of content co-creation with the publisher. A special thanks to the editor, Denis Ouellette, for his production skills that have provided a forum for holistic-health providers in a five-state region, and now globally over the Internet. Long live the print and web archives of your extraordinary contribution to the Great Aquarian Awakening and Enlightenment!

I'll be writing my memoirs now, so my grandchildren can discover how their 'Pappy' was one far-out dude. This includes [The Aquarian Book of Cosmic !\[\]\(3a9e77fc60554e54e5412caa0cfeb534_img.jpg\)](#), an ongoing work in process; more chapters coming, including the [Cosmic Mysteries of God Unveiled](#).

In the cosmic scheme of [Earth's Evolutionary Ascent](#), mankind has free will, so anything is possible, even a global rEVOLUTION in higher consciousness that will happen sooner rather than later as enough good people do enough.

*"I am only one, but I am one.
I cannot do everything, but I can do
something. And because I cannot
do everything, I will not refuse to do
the something that I can do.
What I can do, I should do.
And what I should do,
by the grace of God, I will do."*
