Welcome to not-quite spring in the mountains! It was such a dry winter, with hopefully more snow to come in March and April... and May?

WOW, we have a very full and varied magazine this time. (We do manage to cram a LOT into these pages.) Let's look at some trends: There are TWO articles on the EYES this time... take a look... One is about *mantras* for healing the eyes and the other is about *gratitude* for the eyes.

And there are several articles about ENERGY in this issue. There's an up-and-coming modality that uses light (bio-photons) and scalar waves, all put together in the *Energy Enhancement System* (EES), now at Pristine Wellness in Bozeman, and hundreds of such centers cropping up all over the country—a quiet revolution—definitely worth checking out. Also, there are two therapists out of Anaconda/Hamilton that have teamed together for *Physio-Energy Therapy*®—a synergy of several modalities that work great in combination.

A new holistic therapy in this issue addresses the ever-mounting concerns over infertility problems. Tara Angeles is a *Holistic Fertility Expert* in Bozeman, so if you're looking to start a family, she can help you... naturally! Finally, your animals and pets could use some good energy too, so check out Kim Shotola's *Sacred Animal Spirit Alchemy* class coming up.

There's SO much more, but I ran out of room!

—ENJOY!

Spring sleeps late in the mountains...
Thanks to Gerry Gram for her photos!

"The Rainshadow of the Rockies"
Elnora A. (Stenersen) Old Coyote

When you check out our website, NaturalLifeNews.com, and become a subscriber, you'll receive an email link to view or print the PDF of this complete issue. You'll also get a **free PDF copy** of Elnora A. Old Coyote's 80-page, detailed writings on the *Native American uses of our local plants and herbs*. She was a valued contributor for several years. It features 18 of her favorite plants, trees and herbs from her in-depth studies. Each chapter includes her botanical descriptions, illustrations, and even her poetry. Print this out as a survival and prepping tool. Learn how to access **the bounty of our local plants for food and medicine**—just as the indigenous people did before us! ■
