

Stepping Out of the Energy-Veil (Evil)

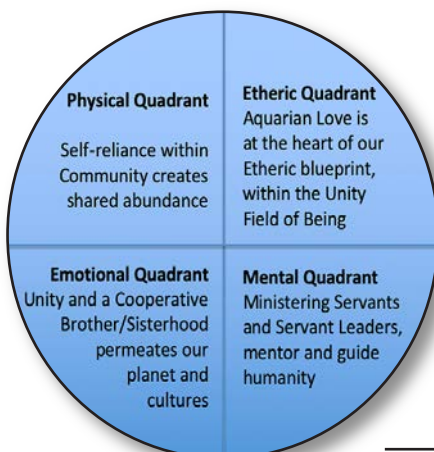

into a Golden Crystal Age of AQUARIAN LOVE!

Raymond Ziemkowski

I would like to share a quick overview of the etheric, mental, emotional and physical archetypes of a **Golden Crystal Age of Aquarian Love**, and how we, as Initiates, are instrumental in realizing and championing the Age of Aquarius through accelerating light in our consciousness, being and worlds.

- 1) Aquarian Love, held in the **Etheric Quadrant**, is at the heart of our blueprint within the Unity Field of Being.
- 2) In the **Mental Quadrant**, Ministering servants and servant leaders, mentor and guide humanity.
- 3) Unity and a cooperative Brother/Sisterhood permeates our planet and cultures in the **Emotional Quadrant**.
- 4) In the **Physical Quadrant**, Self-reliance within community creates shared abundance.

Cosmic-Clock Quadrants of a Golden Crystal Age of Aquarian Love

In order for humanity to move forward into an Age of Aquarian Love, we require a grounding and understanding of where we are, where we have been, and what we are moving into.

Since the Fall of Man out of Grace and into the illusion of separation from his God/Source, there has been a successive unfolding of the energy-veil (evil) within the maya/illusion of our 3-D world. Over time, each successive quadrant has further manifested the illusion of separation. Thus, the maya of human duality has become more and more concrete. Within this energy-veil, forces of evil actively step in to fill the void of this emptiness of separation in a bid to control mankind. The slippery slope goes something like this...

- 1) Mankind accepts the illusion of separation from Source and forgets the God-Self within.
- 2) Mankind gives his divine identity and sovereignty away and allows outside governmental or religious bureaucracies to govern him.
- 3) A false and engineered culture of lack and competition creates separation and division amongst peoples and nations.
- 4) Mankind is eventually herded into a slave state of limited resources, disempowerment and authoritarian control.

Successive Unfolding of the Energy-Veil within the Maya of our 3-D World

In order to reclaim our individual and planetary sovereignty from fallen power structures that have enslaved mankind for ages, we now require a clear-eyed and mature understanding of what this energy-veil is, and we need to understand how its machinations have operated—in most cases, hidden and surreptitiously (behind the veil)—within our lives and worlds.

An important part of the vital “Great Awakening” or “Great Remembering” taking place in the world today is the clear perceiving and addressing of the darkness and evil that moves, point/counterpoint, within the field of duality, to oppose the Light!

As Initiates in greater numbers among mankind begin to step into Unity Consciousness and begin to stop energetically feeding the matrix and illusion of

separation, the curtain is drawn away from those operating behind this energy-veil. Call them the “Deep State” or whatever you choose to call the forces that opposes the Light in this world of form.

In my thirty years of experience working with New Agers and the public in general, this point is a big stumbling block for many. They simply cannot accept, or even entertain the idea, that an active or intentional force of evil opposes the Light.

Many become passive and submissive to the tyranny of people, governments, or institutions that abuse their power and enslave them. Saying, “It’s all good,” or “They’re doing their best but the system is corrupt,” does not bring change to the equation of what is at this plane of experience. We have to address what is right in front of us in the physical, while also pursuing our spiritual practice to step out of duality consciousness and back into the Unified Field of Being!

It’s interesting how the psychology of our human predicament quickly unfolds as Mankind chose to experience life/creation outside of this Unity Field. It all begins with accepting the illusion of separation from Source/God which then results in fear:

- 1) Fear creates want, lack and perceived limitation.
- 2) Lack and limitation create dependency and acceptance on outside authorities over the sovereignty of Self.
- 3) Competition over engineered, controlled, and limited resources and isolation create division and strife among people.

- 4) Fear, want, dependency, competition, isolation, division and strife—all of these pummel mankind into a collapsed state of enslavement, escape, sleep, and disempowerment.

How the Psychology of our Human Predicament Quickly Unfolds

But have hope! All of these aspects of our modern-day culture can be transmuted and left behind as mankind begins to embrace Aquarian Love and the foretold **Golden Crystal Age Culture**.

In an Aquarian Renaissance of love and compassion:

- 1) Realigned with our Source and I AM Presence, everything we require we will acquire through higher laws of abundance and grace.
- 2) Looking within to our Christ/Buddha Self, we will begin to champion our unique gifts and talents to bless and serve all of life.
- 3) A Brother/Sisterhood of Unity and Cooperation becomes the standard and a “win/win” attitude blesses all people.

Raymond Ziemkowski is a native Montanan. He has been a student of many spiritual teachings since he was

a teenager, often experiencing visionary dreams and insights. For most of his adult life, he has sold crystals, gems, and books spanning the esoteric teachings of the world religions. “Over the years,” he says, “I’ve listened deeply to the customers in my store. I consider the highest teaching and path, and the best book for them, to be the one that guides them to the next steps on their spiritual path.” Raymond is a long-time member of [The Hearts Center Community](#).

- 4) Self-reliance and shared abundance within communities will create the chalice and security for a new Aquarian Golden Age Culture to thrive!

In an Aquarian Renaissance of Love/Compassion:

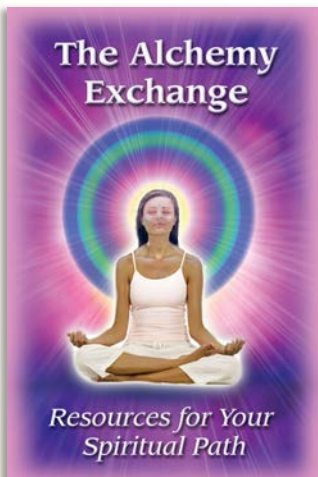

Breaking free from the psychology of want, lack and fear, which is born of the lie and illusion of separation from God, brings us back into alignment with our Source, our "I AM Presence" and the Unified Field of Being! This is how we champion a Golden Crystal Age of Aquarian Love!

Although it may seem perilous at times, these are truly exciting times to be alive—there's never been a time of promise and opportunity as there is right now! Most of us came here with a mission to fulfill. As spiritual Initiates, we have to "thread the eye of the needle" of higher consciousness that neither polarizes with or fights with evil in a personal way, nor denies that it exists within the framework of duality in our 3D world. Many spiritual traditions, such as the Teachings of the Ascended Masters, the dispensations of the Violet Flame, the Ho'Oponopono Hawaiian tradition, and Taoist non-duality, all give us profound tools to work with to overcome, transmute, and transcend the evil, which has no power, since all power comes from God.

When Initiates of the Sacred Fire and more among mankind begin to hold this field of accelerated light and consciousness, the world as we know it WILL change—and the **Golden Crystal Age of Aquarius** will begin to dawn on this planet. ■

In the Hearts Center Community, we are committed to spiritual practices that support and create true alchemical changes in ourselves first and then outside at large in the greater community. Through meditation and the science of the spoken word (prayers, songs, chants and decrees), we draw upon subtle spiritual energies and technologies as we transform ourselves and our planet. We hold the space of Aquarian Love in our hearts and send it out into the world to bless all of life.
