

# Creating REAL Community and Global UNITY

In principle, it's simple enough...

**Christopher Rudy**  
**“Meta-Physician”**

**W**hen we consider that the **Great Awakening of many souls was ordained for this time, it gives depth of meaning to the [Aquarian Frequency Shift](#)—a vibrational shift into higher**

**consciousness.** Those who have awakened will soon become aware of the price of soul soaring with a free spirit above the fray...

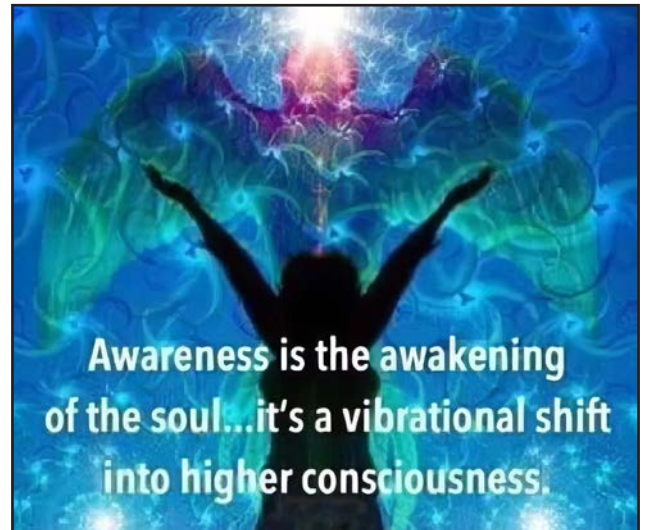

***“The higher we soar, the smaller we appear to those who cannot fly.”***

~ FRIEDRICH NIETZSCHE

Keep in mind that it's not aptitude but attitude that determines 'altitude'—whether we soar with eagles on thermals of grace or scratch with turkeys on bug of begrudge. It's the Aquarian high state that makes us kind, rather than the old-world order's **“eye-for-an-eye,”** which makes us blind.

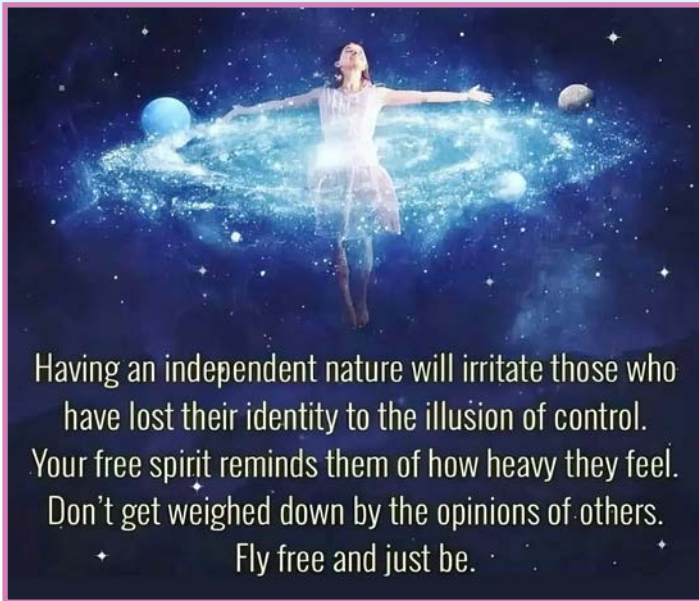

Global civilization is now facing a crisis in consciousness that requires we come up higher in Aquarian principles and processes. All social problems are—at core—communication problems; how we **“Come into Unity”** for **REAL** community with shared vision and mission... or not so much. Either we unite through modern communication capabilities for providing well-formed choice—at the **heart** of **REAL** community—or we suffer the degeneration of divisive media as censures any truth which counters the official narrative. In practice, **the solution** is to mindfully connect the dots to the big picture along more enlightened 'lines' of 🗨️🌈📡... in form and frequency.

**The battle for the soul of the Republic is heating up...** The corporatocracy has hijacked democracy; the “lamestream media” is lying to us incessantly; the “*safe and effective*” vax has proven deadly; insane Gaza genocide mirrors the holocaust; the US border invasion continues unabated; artificial intelligence is replacing the real thing; the Deep State is ramping up Monkeypox Mania.

**This is the global healing crisis that compels holistic solutions...** Either we **wake up, wise up and rise up** with communication tools and processes for **real** community and **global** unity—or the Power of 🗨️🌈📡 is not harnessed, and civilization will reap the whirl-wind of dystopian “*dis-ease*” and self-destruction.

**The Collective Pain of Planetary Rebirth...** We're getting squeezed through the birth canal! Global civilization is today much like a baby in the process of being born through the birth canal—extraordinary

**Would you agree** that the reason Big Media lies to us incessantly is because their owners/sponsors collude with the military and medical industrial complex for the reduction of population, **for profit and control** over the physical and human resources of the Earth?

**Based on your response...** consider that there is nothing more valuable than a **VISION** for mediating this murderous madness... **Can we agree that what we have in common**—a shared vision-mission of **Light** and 📊🟡📉📧 is more important than that which divides us? Either that **VISION** has found its time, or what is left of our **'natural immunity'** (common sense resistance to *dis-ease*), will become even more uncommon.

compression and overwhelming depression from the pain of being squeezed senseless by mainstream craziness. Yes, we're all being squeezed insensate by official 'woke' policies that are not just biologically incorrect, but also mentally impaired, and spiritually bankrupt. The world as we have known it is changing so fast and it's intended to be mind-numbing and paradigm-narrowing.

So, the 'birthing canal' is restricting around us. Common sense is uncommon—outright censored in lamestream media with information overload and cognitive dissonance that is as debilitating as sensory deprivation.

It's been said that there's nothing more difficult than suffering the pain of separation from the source of light, love, and joy in our lives. So, keep smiling! Suffering goes with this 3D territory. You either grin and bear it, or—it's unbearable... This is true whether the source of suffering is the sense of separation from a loved one, or even one's connection with the Aquarian spirit of 📊🟡📉📧, as it serves **Light** and levity well.

**So, ask yourself... in all honesty... isn't it about time for more 📊🟡📉📧?** It is true that common sense is uncommon because the most powerful special interests in the world have a vested interest in keeping it that way? **Are you aware** that Wall Street profits are dominated by giant industries that *make a killing* (literally), on creation and management of *dis-ease* and war?

Initiation of this **VISION** for the evolutionary ascent of global humanity is our enlightened destiny under the **Prime Directive** and the **Aquarian Mandate** for self-governing sovereignty with a high standard of social conscience in our ubiquitous social networks.

Common sense would say that worldwide 'TLC' (free, online **TeLeComm** and **TeLeCare** services) have the power to end corporate profiteering from creation and management of *dis-ease* and war. So how do we get our act together for **real** community and **global** unity?

**HOLD THE VISION, FOLKS!**

You don't have to be perfect to conceive, believe and achieve perfect 📊🟡📉📧 with full-spectrum comprehension.
