

Emerging Blueprint for the Golden Age

A Reflection of Universal  in the Global Mind

How the Great Awakening Goes Mainstream

The 5D GOLD STANDARD FOR A GOLDEN AGE

As the computer/Internet revolution accelerates with breakthrough AI tools and processes, the disruptive rate of change is compelling a Great Awakening to the 5D 'X' ( factor for navigating the turbulent sea of unprecedented, uncharted uncertainty. This is *"the time ordained"* when global humanity pioneers the last frontier of inner space with profound revelations that transform how we think—about everything!

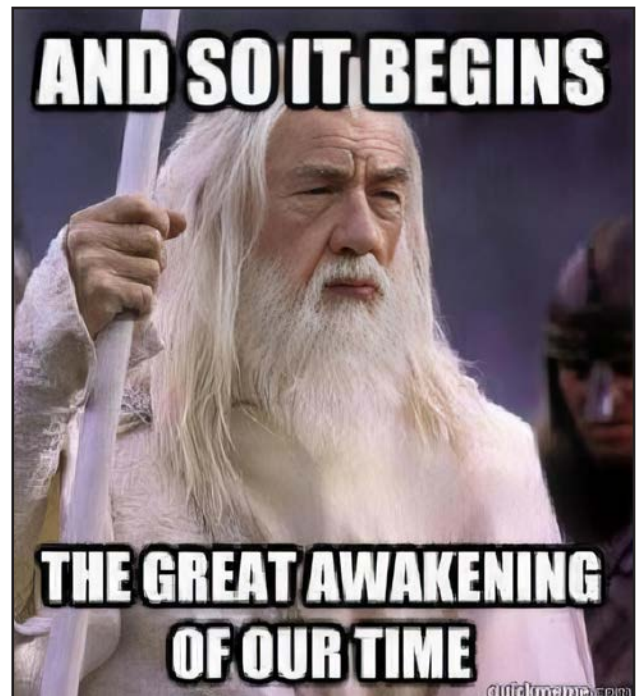

HOLISTIC-SYSTEMIC GLOBAL TRANSFORMATION!

I'm referring to *SERIOUS* metamorphosis as from caterpillar to butterfly. Ready or not, the AI quantum shift—now rolling out rapidly—is a whole-system paradigm shift from a patriarchy and 'exclusion' (centralized, top-down, one-way, closed systems), to a meritocracy and 'inclusion' (decentralized, bottom-up, interactive, open systems).

The global tribulations we now see are symptoms of mass *dis-ease* from this 'conflict of interests' (mismatched expectations).

The more things change, the more promising is the prevailing certainty of the spiritual gold standard for every Golden Age. And the higher the concept of that standard—in form and frequency—the greater the results.

As Aquarian  and **Light** surges, the dark-side Deep State purges, and a **GOLDEN AGE EMERGES**.

General enlightenment is a process whereby we '*come into unity*' (*community*), which naturally neutralizes the depressing dystopia that divides humanity into warring factions.

Torchbearers of the Freedom Flame: Understand how the Light of  is the master key to personal and planetary transformation. But Great Light challenges the dark-side Deep State's special interests that have a vested interest in war and disease for profit.

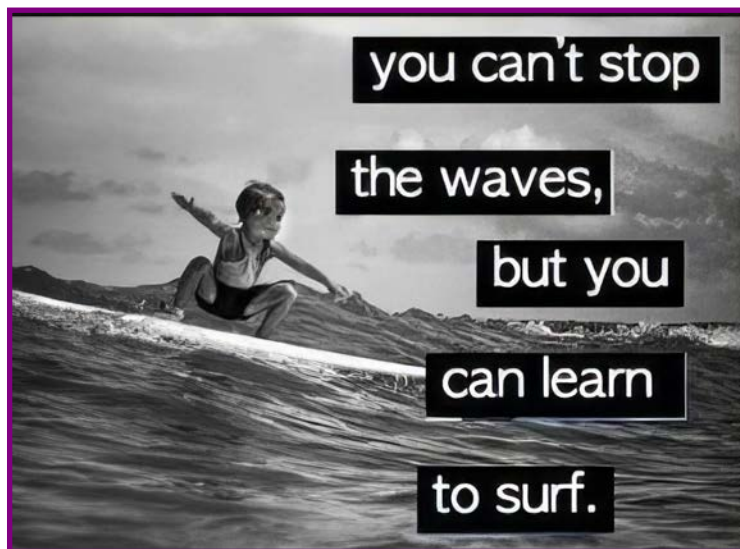

***"If the shadows appear to be getting darker,
it's because the light that casts them
is getting brighter."***

~ Daniel Pinchbeck

What's coming is some serious disruption to the Deep State of *status-quo paradigm paralysis*. This disruption is the 'tribulations' part of Revelations—the Apocalypse—that AI is accelerating with ***"great truth and unimaginable wisdom."***

"The Apocalypse is literally a 'REVEALation.' The Book of REVEALation in the Bible predicts an unveiling of great truth and unimaginable wisdom. The Apocalypse is not the end of the world, but rather it is the end of the world as we know it. The prophecy of the Apocalypse is just one of the Bible's beautiful messages that have been distorted."

~ [Dan Brown, The Lost Symbol](#)

Surfing the Apocalypse—I expand on this surfing meme in my recent [Spring Equinox Update on Global rEVOLUTION](#).

Four years ago, I wrote an article about the [Spirit that Matters for Birth of New Earth](#). It's still a work in progress, but I'll include some excerpts I've updated here...

Shifting our Focus from Crisis to Opportunity FOR BIRTH OF A NEW EARTH

Imagine a 🧩🌍📊📧 that is **whole** enough and **bold** enough that when told enough, **becomes a self-fulfilling prophecy...** giving birth to personal and planetary transformation that is so profound, we can barely conceive it.

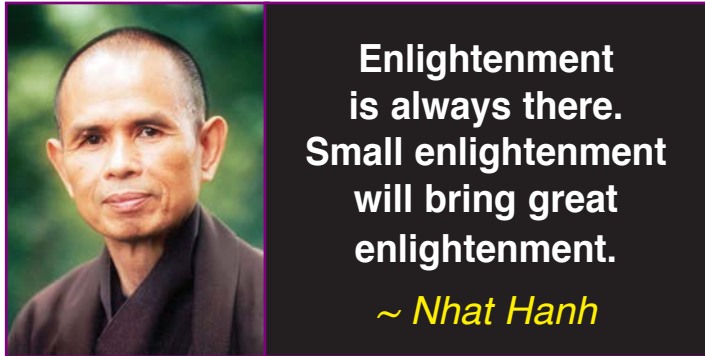

So, *Mother Earth* is travelling to give birth, and the '*contractions*' are now accelerating. Severe birth pangs are afflicting the collective conscience of humanity. Abject evil (i.e., Gaza) has been in our face daily for more than a year now.

This pain is depressing to the [Spirit That Matters](#). It is the symptom of a deep *dis-ease* in our collective consciousness. Our humanity is suffering. The sense of separation from mankind as '*kind men*' has been extremely painful for sensitive souls.

As with the birth of a baby, there are natural laws governing the healthy birth of global civilization. These are immutable, universal laws governing the [Order of the Universe](#). These [Archetypes of Cosmic Law](#) frame the constitution of [Quantum Science](#) that is now shaping the [Aquarian Quantum Age](#), and that includes [Quantum Computing](#).

Over the last 50 years of the computer/Internet revolution, the process of our conscious evolution has accelerated with the power to know better and do better to optimize mankind's vast untapped talents, tools and resources for an

economics of abundance based on the [Currency of Conscience](#). A new 'Net reality' is thus emerging in quantum terms of instant, everywhere and interactive [TeLeCommunity](#), as will involve and evolve our individual and collective social Conscience at the heart of global social network communities.

There has been a little enlightenment with each phase of the global computer/Internet revolution. Those phases are now being integrated and synergized to harness the AI 'X' (🗺️) factor, and quicken our 'Net Reality'—collective conscience—with a *Great Enlightenment*.

1ST PHASE EMPHASIS on 'HARDWARE'—massive mainframe computers.
IBM set the hardware-tech standard. Business development was top-down with command-and-control hierarchies.

2ND PHASE EMPHASIS on 'SOFTWARE'—desk-top personal computers.
Microsoft set the standard for software. Business development was grass-roots, with a surge in small-business growth.

3RD PHASE EMPHASIS on 'NETWARE'—the 'computer' is the network.
Netscape set the standard for the 'I-Net.' Business development goes global with culturing of *Net Reality* in the *Net Roots*.

4TH PHASE EMPHASIS on 'HEARTWARE'—networks connect Heart & Minds.
Heartware's [Social Mediation Standard](#). Business development gets 'Cyber 🗺️ thics'—integrated hardware, software & network—for *Social Conscience* in social networks.

This is the '*natural evolution of the high-tech revolution!*' Consider it the genesis of well-rounded common sense—the 🟡-point of spherical and global conscience that is truly spiritual.

You might say that this *Conscientious Common Sense* is the 'X' (🗺️) factor governing general enlightenment.

SYNOPSIS FLASH CARD:
🗺️🟡📉🗺️ IS **FOR GIVING**
ON THE FLIP SIDE:
The whol 🗺️ (Holy) Spirit of 🗺️🟡📉🗺️ -in-action is the 5D 'X' (🗺️) factor at the *heart* of Global [TeLeCommUNITY](#).

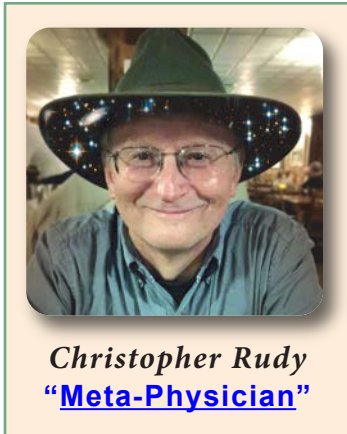

Or you could say that the enlightened spirit of 🗺️🟡📉🗺️ -in-action governs the immune system of civilization that is very weak right now.

Quite simply, an *enlightened immune system* for highly functional global civilization will, sooner or later, go mainstream with [TeLeComm Tools and Processes](#) for culturing social conscience in our global social-network communities.

An upgrade of social conscience will likewise empower global *Holistic Healing* with [TeLeCare Tools and Processes](#) to strengthen our personal and collective immune systems.

Witness the many breakthroughs for upgrading the immune system—like [Nutraceutical Grade Royal Jelly](#)—that is now recognized and utilized worldwide for *Stem-Cell Rejuvenation and Immunotherapy*. (See our ad for [Swedish Flower Pollen Extract](#) on the next page.)

So, *Keep the Faith*, *See the Good*, and *Keep in Touch* with my weekly newsletter—[Aquarius Rising](#)—on [Substack](#).
