

What's with the VIOLET FLAME?

Janet Little,

You may have heard of the violet flame or, maybe not. Either way, soon you and everyone else will know about it. Put very simply, the violet flame is a glorious gift to all humanity to help usher in a golden age—the Age of Aquarius.

Let's first take a brief look at the Age of Aquarius and then explore the violet flame, which is to play such an important role in that era. Everyone may have their own version of what the Aquarian Age is all about, yet it has been described as a time of peace, of economic stability and prosperity, and a time when the arts will flourish. It will be a time when food shortages and homelessness no longer exist, and everyone will enjoy adequate sunshine, healthy nutrition and clean, affordable housing.

Living under Your Own "Vine and Fig Tree"

Consider these biblical quotes: "They shall all know Me, from the least of them unto the greatest, saith the Lord," [Jeremiah 31:34]. And "Every man [and woman] shall sit under their own vine and their own fig tree [Micah 4:4]."

Remember that Gautama Buddha did just that to reach his enlightenment! The only difference was that his was a *bo* (*bodhi*) tree. The Golden Age will be like that for all of us—having our own personal and direct connection to our God Source. Now, take a look at the illustration for *Your Buddha Nature* and imagine the "Vine" as a crystal chord descending into your four lower bodies, giving you life. And imagine your "Fig Tree" as the brilliant God-Presence overshadowing you and constantly blessing you...

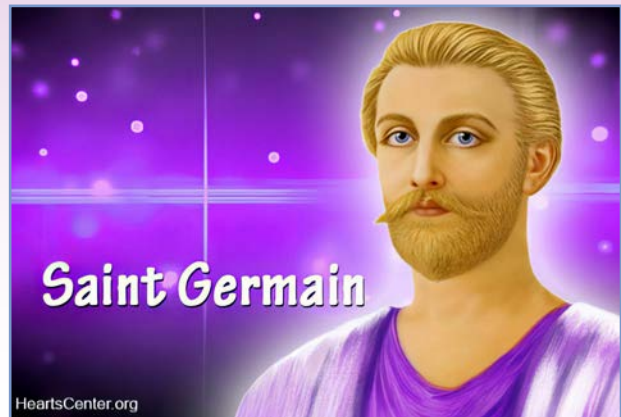

While it's true that these aspects of your higher consciousness are already there, in the Golden Age, we will have a closer, more immediate connection to the Divine.

Alegria! Alegria! Alegria!

The Golden-Crystal Age could be like the enchanting *Cirque du Soleil* classic, *Alegria*—everyone vibrant and cheerful, busy working and playing, being themselves and having fun. A mood of buoyancy and optimism pervades every activity, and everyone is dressed in personalized, even eccentric, costumes in shades of violet to purple. In the Golden Age, we will know how to perfectly, practically employ the violet fire for transmuting all that is less than an absolute blessing. It will change darkness into light. It will transform a so-so day into the day that it should have been. It will melt hurts away until all that's left is love.

Somewhere deep inside, we know that the Golden Age is coming and is even emerging now. It's like we're all wired with a homing device that is connecting us to that reality. The cool thing is we can begin moving into that new reality more consciously by practicing to use the violet flame *now*.

A Bit of History

Students of esoteric knowledge may have encountered the Ascended Master Saint Germain's teachings on the violet flame through various dispensations, such as the I AM Movement, the Saint Germain Foundation, the I AM Activity, The Bridge to Freedom, The Summit Lighthouse, and The Hearts Center.

Ascended master students have learned that "I AM" is the name of God, and that God lives within each of us, propelling us forward into the journey of *Self*-discovery, where we are ultimately united in our higher being as a permanent part of the One.

The teachings were delivered first through Guy Ballard (Godfre Ray King), who detailed his encounter with Saint Germain on Mount Shasta in 1930. He and his beloved wife Edna were the leaders of the I AM Activity for decades before they ascended in the Light.

The Bridge to Freedom followed in 1951, begun by Geraldine Innocente. The Summit Lighthouse emerged in 1958, through Mark Prophet, assisted soon after by his wife Elisabeth. Following Mark's ascension in 1972—he is now known as Lanello—Elisabeth launched Church Universal and Triumphant in 1975. Elisabeth ascended in 2009, as Ascended Lady Master Clare de Lis.

Since the late 1970s, "progressive revelation" for our times is now delivered through one of Clare de Lis' devoted students, David Christopher Lewis, the co-founder of The Hearts Center,

Invoke the Violet Flame Now!

Each of these ascended master movements has focused on the perfecting of the soul and the use of the violet flame to balance karma and purify the world around us. Lightworkers worldwide are using the violet flame more widely every day, invoking it through simple mantras such as:

*I AM a being of cosmic violet fire.
I AM the holy freedom God desires!*

*I AM emanating violet fire
To blaze and transmute all desire.
Now I charge the Earth with light,
Living in pure God-delight.*

*I AM emanating violet light,
Transforming all with mercy bright,
Charging Earth with freedom's flame
Miracle love in the I AM name!*

These affirmations are meant to be spoken aloud, even declared emphatically, any time, either once or in repetition. When giving the mantras, visualize a violet or purple light surrounding you, sent to you from the above, from the beloved Holy Spirit, sent to you by beloved Jesus and your favorite angels or masters. See yourself and any situation you wish to change immersed in that violet light, surrounded by the cooling, healing rays of violet/purple/pink. Allow this violet fire to soothe you, erase worries and ease pains, bringing you freedom, mercy and joy.

Visualize yourself living in an amethyst crystal or in an all-purple, spring flower bed. As you feel this, try radiating that light from your heart out to your family and friends, out to the world, and into all conditions that need to be transmuted into something better and more God-like.

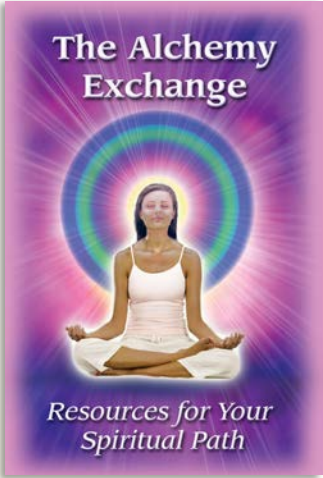

Remember always that you are a Son or a Daughter of God with the right and the ability to make a positive change in the vibration of any situations you see and experience, and even of the planet itself. Become a vortex and a beacon of the violet flame! Pray, sing, dance and meditate with the violet flame, and you will help bring Earth into her Golden Crystal Age! ■

The two mantras above were released through The Hearts Center. More may be found [HERE](#).
