Thoughtform of the Year 2026

This thoughtform represents a process whereby billions of global 'Netizens' network on the Internet for the Net worth of 'Net reality'—a new common sense of the Family of Mankind in a global village of quantum connection.

This is the instant-everywhere and interactive Internet reality that has already raised the standard of 'US' as [United Sovereigns](#) of Earth... at least in principle.

It may be another five years—culmination of the [2020s Quantum Shift](#)—before global Netizens salute the new 'US' flag and join the Galactic Federation of Sovereign Planets.

The laggards just haven't caught up yet. Paradigm paralysis dies hard. The poor in spirit will always be with us. But... **"shift happens!"**

"The cause of America is in a great measure the cause of all mankind. We have it in our power to begin the world over again."

~ Thomas Paine, "Common Sense," 1776

Or, as I summed up 2025 in a [2026 Preview Newsletter](#): **"This is like 1776 all over again!"**

Witness the **2025 Great Awakening** as prelude to a new **global rEVOLUTION** emphasizing 90% of the word. This is [global metamorphosis in the cocoon stage](#) when the 'old order' (caterpillar) disintegrates into chaos and confusion.

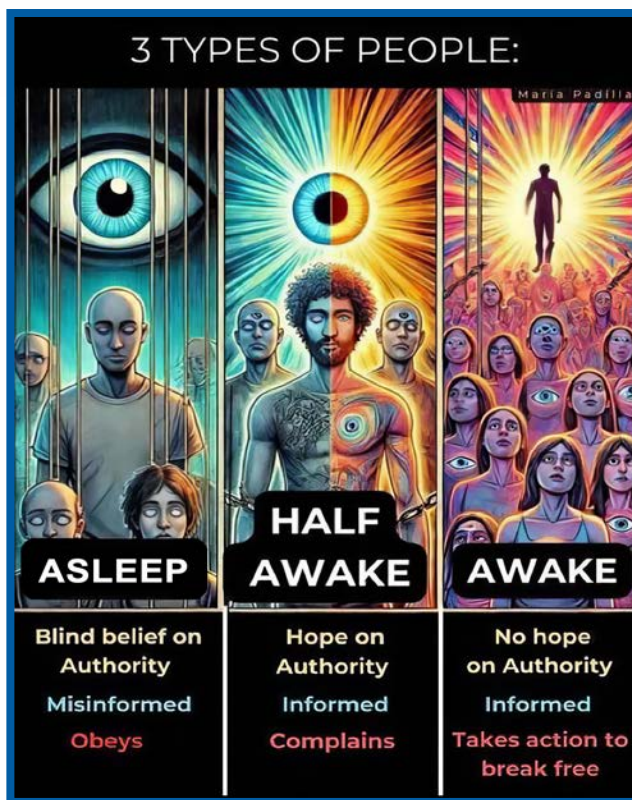

That's the mess we're in now. Classic biblical "Tribulations" whereby some are **'asleep'** (3D), some are **'half awake'** (4D) and some are fully **'awake'** (5D+).

This is the full spectrum of global humanity from the living dead—soulless materialists—to enlightened, spiritual beings. Where do you *shine* on [the spectrum](#)?

One of the biggest mistakes we make is assuming that other people think the way we do. Empathy requires **clarity**, NOT **projection**.

Unfortunately, common-sense clarity is uncommon, and powerful Big Media special interests have a vested interest in keeping it that way. Since Big Media is sponsored by those who profit from war and disease, that's what we get!

Common sense would say that IN REALITY the Family of Mankind already has [TeLeComm](#)

Capabilities for co-creating unity in diversity at all levels. But we can't have that 'butterfly' with 'caterpillar thinking', also known as 'paradigm paralysis' (stinking thinking).

So, we're still going through the **final stage of global metamorphosis**. A beautiful Aquarian butterfly is taking shape amidst the decomposed remains of caterpillar institutions that no longer serve the purpose for which they were created.

The emerging 'butterfly' is an exquisite metaphor for our collective intention, attention and retention of beauty for ascension of Earth at the cusp of an Aquarian Golden Age of Enlightened .

In general enlightenment terms, 2025 was a 'banner year'—**2025 Global rEVOLUTION**—an archive of 85 free newsletter 'e-books' published online with embedded videos. Each 'e-book'—like this article—is a table of contents with 'chapters' defined by hot-linked words that link to other e-books with deeper meaning of the terms underlined.

This chronological curating of 2025 weekly news is a unique window into an epic turning point in the collective consciousness of global humanity; huge REVELATIONS that expose the Big Lie and Whole Truth that is largely obscured by mainstream media.

"The media is the message," as media master Marshall McLuhan famously said. Either the media mediates the madness in geopolitics, or by default, the media divides rather than unites 'US' as United Sovereigns.

The **higher one's concept** of media activism as 'networking for net reality'—and the concept of 'net worth' with the **Currency of Conscience**—the **greater the results** whereby the ultimate meaning of survival is the 'thrival' of conscious-evolution revelations of, by and for 'unified field' (common sense), Net Reality. *(You might have to read that twice! 😊)*

The 'Thoughtform of the Year' is thus a networking or 'mediation' process that has multiple dimensions.

Five Mediation Dimensions of the 'Thoughtform of the Year'

1— Mediation with Pure Intention for what is truly best for all: **atONement** as a process of atonement for **'SIN' (Stuck In Negativity)**. Well-rounded **purity of heart** centers and connects nonlinear-*spherical* intuition with a conscientious moral compass.

2— Mediation with Focused Attention via the process of **'Light Language'** as a universal interface for global interaction as defines and refines the **Creative Learning Process** at the heart of local and global **TeLeComm, TeLeCare** and **TeLeCommerce**.

3— Mediation with  Retention via a higher standard of **heart coherence** for **mind congruence** in a co-creation process for **Service to Others**, as involves and evolves our individual and collective synergy in the **TLC Trinity—the Heart of TLC Reset**.

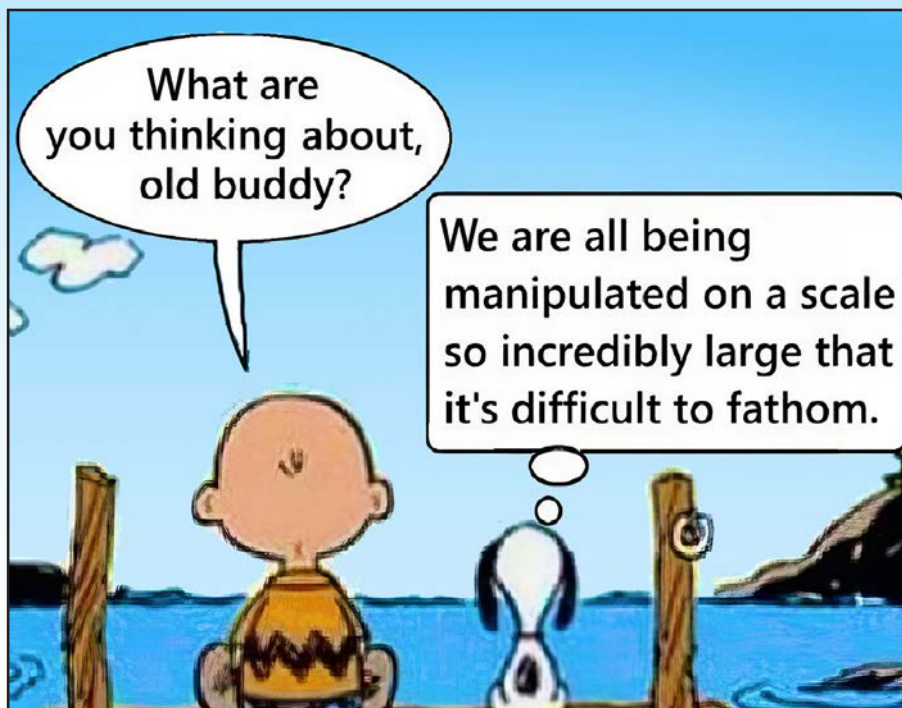

4— **Mediation with Conscious Ascension** via balancing of the '3-fold flame' of **pure intention**, **focused attention** and **love retention** in all four archetypal sides of the pyramid of self and civilization that rises to the 'CAPstone' as the 'Creative Ascent Process'.

5— **Mediation with 5D Comprehension** via whole systems integrity that is greater than the 4D sum of the 3D parts. This is the process of **self-direction** and **visioning collectively** for culturing Great Enlightenment with Effective Sensory Perception.

Cosmic Connection

—infused with '**Light Language**'—includes a higher standard of pure intention, wise attention, love retention and ascension with '**G.O.D. comprehension**' (**Geometry Ordered Divinity**), as **Law of the Angles** framing the **Language of the Angels**.

Our world is transforming rapidly. The Internet eliminated time and space. Social networks are culturing social conscience. Language barriers are eliminated with AI translation. REAL community is transcending virtual community. And **Heartware** is integrating hardware, software and network for the quantum phase of the Computer/Internet Revolution.
